PICKING UP THE REINS

Hardback. Book Condition: New. Not Signed; At the end of World War Two, Britain, although impoverished, was a power that spanned the globe, while America was a nation withdrawing to look after its own affairs. As these events took place, British people endured privations as bad as any in the war, and France and Italy were swept by civil disturbances bordering on insurrection. The Soviet Union imposed its iron rule on Eastern Europe and the appeal of Communism was at its height. And all the world was reeling from the shock of the atomic bomb. At a time when American's role in the world is coming under increasing scrutiny, Picking Up the Reins is an acutely observed account of the beginnings of its...
