Without doubt, this is actually the greatest work by any writer. It is actually written in simple terms instead of confusing. I found out this ebook from my i and dad recommended this pdf to understand.

In chap. 3 we noticed the difficulty of defining Wisdom from the point of view adopted in the present treatise: because Wisdom is the faculty and habit of choosing the best means to the best ends, and in different methods of Ethics different ends are regarded as absolutely best. As (e. g.) in Egoistic Hedonism (cf. Book iii.) the end of Self-love is so regarded: whereas according to the present method Self-interest (or what may appear such) must always give way to Duty. Still, within the limits fixed by other duties, Common Sense considers that Self-love is naturally authoritative over other impulses: and that it is a duty to seek our own happiness, except in so far as we are prohibited by strict rules of morality, or can promote the welfare of others by sacrificing it. There are no doubt some Intuitive Moralists (such as Kant) who deny that this can properly be a duty: but their argument seems to proceed on the fallacious assumption that our own greatest happiness is what we always naturally seek and indeed cannot help seeking. There is then a Duty of seeking ones own happiness; commonly known as the Duty of Prudence. We may observe a certain divergence in the accounts commonly given of this notion, which is not, however, difficult to explain. The Duty of Prudence is, as we have said, the Duty of aiming at ones own greatest happiness....
