CAST NO SHADOW (PAPERBACK)

Lulu Press Inc, United Kingdom, 2014. Paperback. Book Condition: New. 211 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Who was Cleopatra VII, really? How did she manage to rule Egypt and influence two great Romans, Julius Caesar and Mark Antony? Why did she do what she did and how did she do it? This is the inside story, written by her High Priestess Isis, about the twists, turns and plots involved, when the long arm of Rome cast its shadow over the Goddess female culture. It is more of the missing link, never told by history, of the female life-enhancing culture that ran through the ancient world, from the Priestess Temples to the travelling peoples like Celts and Gypsies, who kept the information and the ancient knowledge alive. And, how the male-dominant soldier culture began the destruction of the Goddess and Her exclusion from history. It is another past life of the mysterious women who call themselves The Circle of Six and carry the awakened Goddess Gene within them and who remember their past lives. This is the book written by David Appleby in the Goddess Gene after he was given the Journal of Isis.
