Not illustrated. 1839 Excerpt: . . . whether their favourite Doctor be right or wrong. Perchance they may have been told in their infancy that their forefathers drew the sword in support of a particular creed: --it becomes necessary for them to advocate the same cause. Perchance they may entertain a high idea of their own critical and intellectual powers: --they then act the part of the intoxicated sailor, who threw away his helm as useless--they can navigate their vessel for sooth without such useless appendages. Such are a few of the most common springs of action, by which people consent to their own utter delusion. We sincerely trust, however, that we shall be able to show that a surer and a safer guide than any of these exists--a guide which, although it may not, in a mathematical sense, be termed infallible, is nevertheless so much more likely to be safe than any...
