N., and others, Slate deposits and slate Industry of the United States: Bull. V. S. Oeol. Survey No. 275, 1906, pp. Sl-55. Purdue, A. H., Slates of Arkansas: Bull. U. S. Oeol. Survey No. 430, 1910, pp. 317-334; The slates of Arkansas, Oeol. Survey, Arkansas, 1909. Mines.1 A new deposit of slate was discovered in Merced County in 1912 about 11 miles east of Planada, and the California Slate Co. has done considerable development work and shipped in quarrying machinery. The deposit is said to be 2 miles long and 3 miles wide. A sample of slate received at the United States Geological Survey indicated a roofing slate of very good quality. T. Nelson Dale, of the Survey, makes the following...

Reviews

The book is fantastic and great. I have got read through and i am confident that i will planning to read yet again once again in the foreseeable future. I found out this book from my dad and i recommended this publication to discover.

-- Prof. Nicole Zieme

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ms. Fatima Erdman
