Summary: Welcome to the first Extensive Hip Hop Rhyming Dictionary. In this volume, we will provide you with a very brief introduction to the history of Rap and Hip Hop. This dictionary will provide the reader with the knowledge of different types of rhymes and illustrate the practice of these rhymes with examples from a variety of different artists. In the final chapters of this book, a multitude of common phrases will provide the reader with rhymes that go far beyond the basic end rhyme. The objective of this dictionary is to provide writers with a perspective different from most rhyming dictionaries. Too often rhyming dictionaries provide very simple, monosyllabic rhymes that neglect to expand the mind and leave many works at the beginner-stage. Furthermore, an additional dictionary offers Homonym rhymes, which will be explained later in this book. Continue reading and take yourself to the next level.
