Every medication we use, no matter how common or well-researched, comes with intended and unintended effects. Some of these effects, such as the intended effects, are desired, like pain relief when taking pain relief medication. The problem is the unintended effects these medications cause in the body. I am not a doctor or a pharmacist, but I tend to rely on my common sense. Grant it, natural remedies have not received the same amount of scientific testing lately that modern medicine has. But, on the positive side, it hasn't had to face the rigorous testing stages most people abhor, such as animal testing, beta testing on people, etc. One thing people don't realize though is that for most new medicines, 7 Reasons To Buy This Book => 1.
